## STRATEGIC PLAN - 2018

WELCOMING | INNOVATIVE | SUSTAINABLE | UNIFIED | COMMITTED

# Message from the Mayor

On behalf of the Town Council for the Town of Fort Smith, I am pleased to present the new Strategic Plan. This plan provides direction for how the Town will move forward in priorities, decisions, and opportunities for the next several years.

We have been able to meet with residents, businesses, and other Governments throughout the town to talk about what is vital to our community growth, wellness, sustainability, roles, economy, values, and identity. It is through the engagement process that we identified and consolidated the goals that you see as essential for the municipality. Many are under the mandate of the Town, while many others highlight the role that we need to take as a facilitator on social and wellness issues and as an advocate for our community.

Our decision-making process connects to the vision that our community has put forward. As we resolve issues that come before Council and how we will proceed, the Strategic Plan will be an integral part of those discussions. The Strategic Plan will be brought forward to the community for continued engagement through implementation.

We look forward to bringing to life the vision that we have created together.

**Mayor Lynn Napier-Buckley**

# Introduction

Building on the successful implementation of the 2010 Strategic Plan, Town Council initiated a Strategic Plan update. A community engagement process was undertaken to better understand the priorities that residents feel their local government should focus on.

This Strategic Plan is an important document for our town. It defines where we want to go as a community and provides us with the map to get there. It helps us to respond effectively and efficiently to issues facing our community and to take advantage of new opportunities that arise. It's about setting the direction that will help to maintain the kind of town we want.

We spoke with over 200 Fort Smith residents about your priorities for our town through an intensive engagement process. Whether you responded to the survey, attended a community event or participated through an advisory board, we thank you for being part of the process.

Strategic Planning is an on-going process. We will need additional input from our residents as we implement this plan. We hope that you will continue to partner with us, so we can continue to meet your needs now and in the future.

On behalf of the Town of Fort Smith Council and Staff, the Mayor and Council are pleased to present our 2018 Strategic Plan. This Plan establishes our goals and sets our direction over the next several years.

# Background

The Town of Fort Smith is nestled on the banks of the Slave River<sup>1</sup>. Once the capital of the Northwest Territories, Fort Smith has always been a hub of activity. For centuries, the Dene and Métis hunted and fished the land and tributaries flowing into the Slave River. The waterway was key to their movements, following the ancient rhythms of animals and seasons. Explorers and fur traders later used the Slave as a gateway from the Prairies when travelling north from Lake Athabasca.

Fort Smith was the site of a Hudson Bay settlement. For 200 years, all freight from the south travelled the Slave River. Due to the formidable rapids at Fort Smith, this freight would need to be portaged. This was the route to the Arctic until a highway to Hay River was built in 1949 and freight was transported to Great Slave Lake. Fort Smith was the capital of the Northwest Territories until 1967.

Today, its residents describe Fort Smith as a friendly, welcoming community. It has much to offer to residents and visitors alike. The Town has modern facilities, including a library, arena, snowboard park, track and field facility, pool, curling rink, and large gymnasium; excellent health and social services; and regular community programming for all age levels. Health and safety are ensured by the local RCMP detachment, volunteer fire and ambulance departments, the volunteer animal society, and the Fort Smith Health and Social Services Centre.

Fort Smith is the NWT education capital. All grades are available, from Nursery School, Head Start, Junior Kindergarten, Kindergarten to Grade 12, as well as French immersion and alternative education programs. The town is also home to Aurora College's headquarters and largest of three campuses.

World-class rapids, the world's largest Dark Sky Preserve, a UNESCO World Heritage Site and territorial and national parks are all nearby. The Northern Life Museum and Cultural Centre features impressive cultural and natural collections from the Thebacha region.

# Demographics

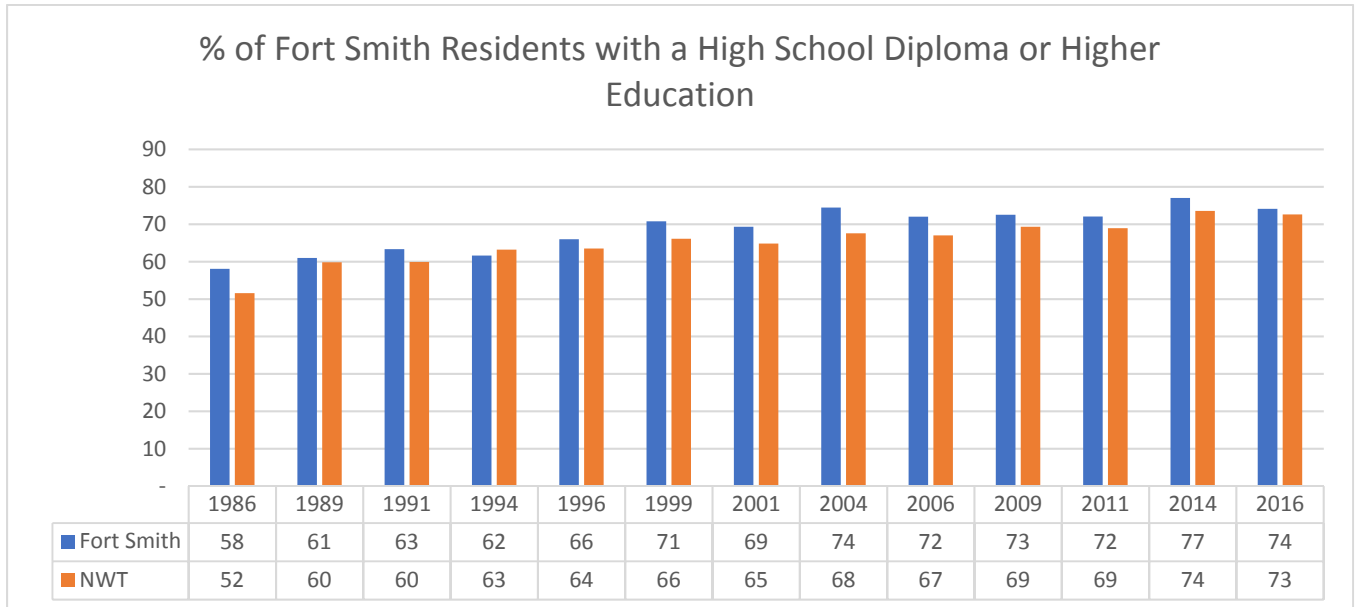

The 2017 population profile below shows that the largest age group in Fort Smith is from ages 25-44. While this is significant, it is also worth noting that 34% of the population is under the age of 24 and 39% of the population is over the age of 45.

From 2007 to 2017 there was a slight increase in the population of Fort Smith. It grew by 0.2% in that time frame. However, the population of the age group 60 + rose by 4.2% over those 10 years.

Fort Smith is a well-educated community. Those who hold a high school graduation diploma or have achieved higher education has increased in Fort Smith and throughout the NWT from 1986 to 2016. In general, the percentage of residents with a high school diploma or higher education is higher among those living in Fort Smith than the whole of the NWT.

The unemployment rate in Fort Smith is generally lower than the NWT.

Average incomes in Fort Smith continue to rise. From 2006 to 2015, the average personal income has been slightly lower in Fort Smith than in the Northwest Territories. However, the increase in income during this period has been higher in Fort Smith.

# Process

## Next Steps

As a next step, we will work with staff to develop the financial plans to support the implementation of our Strategic Plan. Some of our strategies can be pursued, and action items can be accomplished, over the short-term while others might need to be pursued over the long-term.

Meeting our goals will require a coordinated effort from Mayor and Council, staff, Advisory Boards, other agencies and residents. Each Strategic Plan goal includes an implementation plan with suggested strategies and actions for addressing that goal. This is a critical starting point for the implementation of the Plan.

Evaluation and monitoring is the second key implementation tool. Evaluation and monitoring annually will enable us to:

- prioritize goals each year;
- set specific performance measures and performance targets;
- analyze progress towards meeting targets;
- reconsider goals and timing considering progress;
- involve residents in evaluating success; and
- communicate successes and challenges to residents as well as plans for the upcoming year.

WELCOMING | INNOVATIVE | SUSTAINABLE | UNIFIED | COMMITTED

This approach provides a continual loop of planning, implementation and evaluation. It includes all stakeholders and involves residents in proactively planning community services as well as evaluating how community programs and services are meeting their needs.

Through this process we have identified our community values and priorities, and these will be our guide as we move forward. Our progress toward addressing these priorities and achieving our goals will be formally reported on through the Town's Annual Report.

Strategic Planning is an on-going process and your feedback is an important part of moving forward.
